# SUGAR POWER®

## BUILD LATE SEASON RESULTS

Sugar Power® stops late season yield-loss, resulting in higher test weight in grain and higher Brix in fruit. Sugar Power is a compound of phosphorus, potassium and magnesium formulated to support grain fill and build yield during reproductive phases of development.

- Provides essential minerals: P, K, Mg
- Stops late season yield loss
- Nutritional support for better leaf, stem, grain, fruit and root growth
- Balances late season P:K demand
- Higher test weights, increased Brix in fruit, higher yields
